- Detailed Installation Instructions and Bill of Materials to Simplify Ordering and Installation

LightWise® Residential Systems

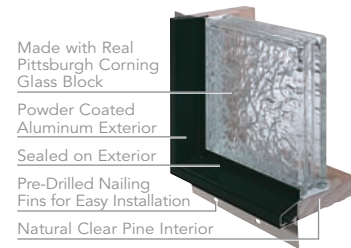

LightWise® Vinyl Frame window

Just place LightWise® Windows in the opening and fasten with the built-in nailing fins. Available in 78 sizes with optional glass block patterns.

LightWise® Windows install easily!

LightWise® Aluminum Clad Wood Window

Builders, remodelers and DIY-ers can quickly and easily place the window into an opening. Its built-in nailing fins quickly anchor the window. Available in 60 sizes with optional glass block patterns.

LightWise® Hurricane-Resistant Glass Block Window

Made with THICKSET® 90 Glass Block. Provides protection against flying debris and hurricane force winds and has passed hurricane impact tests recognized by the International Building Code and Dade County in coastal areas.

Easy Ways to Install Pittsburgh Corning Glass Block!

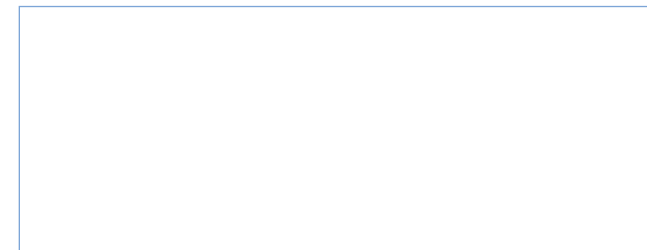

ProVantage® Glass Block Installation System

The ProVantage® Glass Block Installation System uses spacers to precisely align each glass block for you. The blocks are held in place by horizontal and vertical spacers and are bonded together with silicone.

- You can also install with mortar – Instructions available on our website
- Project Planner with product, planning and installation information available on our website
- DIY Predesigned Projects – Step-by-step instructions for bars, step-down walls, showers and more available on our website
